

14.Removendo imagens e container desnecessárias

terça-feira, 15 de agosto de 2023

15:46

Removendo imagens e containers

- Com o comando **docker system prune**;
- Podemos **remover imagens, containers e networks** não utilizados;
- O sistema irá exigir uma confirmação para realizar a remoção;

```
PS D:\Docker> docker system prune
WARNING! This will remove:
- all stopped containers
- all networks not used by at least one container
- all dangling images
- all dangling build cache

Are you sure you want to continue? [y/N] y
Deleted Containers:
